Proclamation of the Action Committee
for the Protection of the German Labor
2 May 1933

Today we are entering into the second chapter of the National Socialistic Revolution. You may say, what else do you want, you have the absolute power. True, we have the power, but we do not have the whole people, we do not have you workers a hundred percent, and it is you whom we want; we will not let you be until you stand with us in complete, genuine acknowledgment. You shall also be freed of the last Marxian manacles, so that you may find your way to your people.

For we know that without the German worker there is no German nation! And before everything else we must protect you, so that your enemy Marxism and its satellites cannot attack you from the back again.

Even though the Marxian Party has been completely destroyed such as the K.P.D., or find themselves in complete dissolution as the S.P.D., even if the party leaders have fled in miserable cowardice or have deserted everything and everyone; and have forsaken you, workers, cowardly and miserably as never before, we know that it is all pretense. Marxism pretends to be dead in order to resurrect itself anew with favorable opportunity and again to plunge the Judas dagger into your back. Just as in 1914! Even at that time it sponsored the war debts and spread itself internationally in order to betray you to the imperialism of our enemies in 1918, and to sell you thereby to world capital.

The sly fox doesn't deceive us. Rather we will give him one last fatal shot so that we shall never again suffer with his resurrection. The Leiparts and Grossmänner may pretend ever so much fidelity to Hitler, but it is better that they should be in protective custody. Therefore we shall strike the main weapon out of the hands of the Marxian group and thereby take from it its last possibility of renewed strengthening. The devilish teaching of the Jew Mardochai shall be destroyed wretchedly on the battlefield of the National Socialistic Revolution.

EXHIBIT B

It is not as if we wanted to disrupt and destroy the unions. On the contrary, we have never disturbed anything which has, in any way, value for our people and we shall never do so in the future; that is a National Socialistic rule. This certainly goes for the unions which serve with hard work and were built up by the pennies taken from the mouths of the worker. No workers' organizations are sacred and unimpeachable to us National Socialists. I myself am a poor peasant's son and understand poverty, I myself was 7 years in one of the biggest industries of Germany and I know the exploitation of anonymous capital, and I know, above everything else, of its stingy commercial methods, for, on account of my opinion I was fired from my occupation in 1928.

Workers, I swear to you we will not only keep everything which exists, we will build up the protection and rights of the worker even further, so that he can enter into the new National Socialistic State as a completely worthwhile and respected member of the nation.

Workers and peasants on a broad front together with the free occupations and skilled labor, - so we shall build a new Reich of well being, honor and freedom. Forward with Hitler for Germany.
