To all State Police headquarters and branch offices. Also for their information to the inspectors of the Security Police, to the leader of the SS Death Head organisations and Inspector of Concentration Camps, and to the commandants of the concentration camps Dachau, Buchenwald and Sachsenhausen.

Urgent. At once.

Numerous reports received here force me to believe that my Flash order of the 10th November 1938 0134 hours, paragraph 5, regarding actions against Jews, has not been given sufficient attention by the State Police headquarters and branch offices. Jews up to 80 years of age, obviously ill, imbeciles, etc. have been transferred to the camps. I expect that the State Police headquarters and branch offices, in consideration of my order, will execute in particular my order of 16 November 1938 within the shortest possible time, mobilizing all employees.

The Chief of Security Police
