Urgent

- 1) Supplementing my TWX order of 10 Nov 38 I now order the following:
Jews who already possess the necessary emigration papers enabling them to emigrate within three weeks will be released sufficiently ahead of time to permit them to comply with the deadline set for emigration, provided there are no political or economic grounds for their detention.
- 2) Furthermore, Jews considered absolutely indispensable for the process of aryanizing their firms and business may be temporarily released for short periods. Only such cases will be considered, however, as appear especially urgent. The process of aryanization is in any case no ground for discontinuing still contemplated arrests of Jews.
- 3) In cases 1) and 2) the respective State Police Hq may submit applications for release to the Concentration Camp Commandant directly.
