

13th January 1941.

Re: Anilinas Alemanas S.A.

We refer to the exchange of telegrams regarding the firm, especially to our wire of 18th November No. 11 and your reply of 23rd November 1940 No. 19. In this connection we should like to advise you that your latest remarks have induced us to talk all the matters once more over with the competent authorities, especially with the Ministry of Economy and with the Management of the Foreign Organisation. All the partners concerned agreed upon the present status being maintained without any change during the war. Thus any further steps on your part in the matter are no longer necessary.

Note

handed over to Mr. v.Th. on 16th January
to be passed on by him personally.
