Chile, Oct. 28th 1938
No. 311

Contribution (Opfering) to the NSDAP.

Our letters No. 108 of 23.XI.36
133 " 15.IV.37

Your letters of 20.I.36
13.I.37
21.V.37

With your letter of Jan. 13th 1937 you authorized us to pay from December 1937 a contribution of \$ 150. — monthly to the "Opfering" of the NSDAP.; a sum of \$ 900.— had, in the first place, to be paid for the months Dec. 1936 - May 1937 incl. with your letter of May 21st, 1937 you renewed this authorization to pay further \$ 900.— for the contributions till Nov. 1937 incl.

In the meantime we paid on account 9112 (Donations and subscriptions to clubs) on the 2nd of February 1937 the contributions of \$ 600.— 1/
and on the 8th of June 1937 the contributions for
April - Sept. 1937

The remaining \$ 900.—
\$ 300.—

for the contributions Oct. and Nov. 1937 will be paid as soon as the corresponding receipts of the NSDAP. will be laid before us. One of these days we would request to continue these contributions and we shall feel obliged to you if you could receive anew the corresponding consent in doing business in foreign exchange (Devisengenehmigung) perhaps at once for the whole year 1938 including the contribution for Dec. 1937 still to be paid, altogether 13 monthly contributions of \$ 150.— each = total \$ 1,950.00.

As mentioned above, these payments were effected from our firm (account 9112). These payments, however, will not be looked upon as expenditures "para producir la renta from the revenue office, but duty is to be paid as profit. We therefore would appreciate it, if we could debit you in future such contributions directly in the statement of account; in consideration of other reasons we think it advisable that just donations like these should not be given from our Chilean firm.

We await your kind reply.
