

25 October 1945

Justice Robert H. Jackson  
Room 118

My dear Bob:

I took up the Horthy matter.

It seems settled on a fair and practical basis. There will be no interference with Horthy until he has been given time to finish and present his statement.

Dependent upon the character and content of that statement will be made a recommendation to you.

WILLIAM J. DONOVAN  
Major General, USA
