

File 8

25 October 1945

Colonel R. G. Storey  
Board of Review  
Room 316

In view of the assertion made by Hess that he has amnesia I suggest that consideration be given to making application to the Court for the appointment of a commission by the Court to inquire into his state of mental health as well as his ability to confer with his counsel in the preparation of his defense.

WILLIAM J. DONOVAN  
Major General, USA
